## Education

### College of Staten Island

Bachelor of Science, Computer Science

Minor in Cybersecurity

Staten Island, NY

Expected May 2026

- GPA: 3.4
- Relevant Coursework: Data Structure, Software Design, Computer Architecture, Internet Data Communications, Software Engineering, Advanced Data Communications.

## Skills

- **Technical Skills:** C++, Python, Networking, Java, SQL, Data entry, Data analysis.
- **Technologies:** Git/Github, Linux (Ubuntu Server), MySQL, Microsoft Office, Unity.
- **Languages:** Vietnamese.

## Experience

### CUNY Tech Prep

Fellow, Data Science

New York, NY

07/2025 – 02/2026

- Learn in-demand technologies like Python 3, Jupyter Notebooks, Pandas, Numpy, Scikit-learn, and SQL as well as industry best practices for exploratory data analysis (EDA), feature engineering, data collection and processing, statistical modeling, data visualization, machine learning techniques, data science process, and big data.

### Finger Lake Community College

Library Assistant

Canandaigua, NY

08/2022-05/2023

- Provided technical support to patrons by troubleshooting and resolving hardware and printer issues.
- Analyzed daily patron traffic and circulation data to identify book lending trends.

## Projects

### Cyber Ops Takeover

02/2025-05/2025

- Gathered intelligence about vulnerabilities port of the target virtual machine by using multiple tool like nmap, recon-ng, shodan.
- Exploited the vulnerability by using Metasploit.

### Flower Shop Website

10/2025-12/2025

- Implemented user authentication endpoints, enabling secure customer registration and login functionality.

### Home Server

4/2026

- Architected a home lab environment on an Ubuntu Linux server, utilizing Docker Compose to orchestrate multiple containerized applications.
- Deployed a full-stack e-commerce platform by networking an Apache web server, a Node.js REST API, and a persistent MySQL database.
- Implemented a network-wide DNS sinkhole (Pi-hole) to block malicious domains and tracking telemetry, actively managing router DHCP configurations and system port bindings.
